## **TLC Announced as Headliner of 90sFest in Columbus, OH *Blackstreet, C+C Music Factory Also Lead the Lineup***

(Columbus, OH) - TLC will headline the original throwback event of the summer, 90sFEST! The iconic R&B group has sold over 65 million records worldwide with hits including “Waterfalls” and “Creep” along with accolades including four multi-platinum albums and nine top-ten hits on the Billboard Hot 100. In addition, TLC just released a new self-titled album.

“We received a ton of positive feedback from 90sFEST in 2016, including coverage on the Today Show and articles in outlets like the New York Times,” said Marc Weinstein, an original founder of the brand. “With backing from unparalleled talents like TLC, we are ready to grow into new cities while building a fan-based brand in places like Columbus.”

Blackstreet brings “No Diggity” (and no doubt a high-energy Hip Hop performance) to 90sFEST Columbus. The Grammy award winning group worked with everyone in the industry from Dr. Dre to Eve and even Jay-Z. C+C Music Factory and 17th Floor will also bring some serious funk and timeless fads to the bill along with DJ Suga Ray, who will be spinning all evening!

[Columbus Alive](#) called last year’s 90sFEST at Columbus Commons “a totally engrossing time warp through music, fashion and activities”. The event returns August 12, 2017 with fervor, fandom and tons of Furbies (the iconic 90s toy)! 90sFEST brings the best decade of fashion, music and pop culture to Ohio for a full out experience that mimics everything you loved as a child.

General admission ticketing starts at \$25, VIP for \$55. Prices will go up when additional musical guests are announced (soon). The event runs from 4PM to 11 PM with numerous food, beverage and merchandise vendors!
