**Awesome Family Entertainment**  
*Serving Columbus, OH Party & Event Needs*  
Since 1996

November 2, 2016

***Awesome Family Entertainment Celebrates 20 years  
with a FREE Winter Party and Event Showcase at Goodale Park on November 10.***

Columbus, OH- It may be getting cold outside but that doesn't mean the fun needs to stop. According to Entertainment Pioneer and Founder of Awesome Family Entertainment Curtis Lovell, "Fall and winter doesn't have to mean you have to stay inside and just watch TV; it's a time to have fun indoors as well as out."

Lovell has become an expert in fun. He started Awesome Family Entertainment straight out of High School from a childhood love for carnivals. "Growing-up, there was a traveling carnival that set-up near my home every summer. I would get so excited and was always the first kid in line. From those moments, I knew I wanted to bring joy to people and make it my business," states Lovell.

Lovell turned that childhood dream into a reality by starting Awesome Family Entertainment in 1996. The company is known for bringing the fun to families, business and events all over Central Ohio with bounce-houses, dunk-tanks, face-painters, characters and more. However, many people associate these activities with the outdoors and warmer weather. Consequently, without regular outdoor activity people tend to get the Winter Blues or Cabin Fever during the cooler months. Lovell continues, "We looked at this as a real opportunity in the market not just for us, but to help combat Cabin Fever."

With that, Lovell decided to put an emphasis on having fun indoors during the fall and winter in celebration of his 20 year anniversary. Creating and finding life-size versions of popular board games like checkers, chess and connect four have become very popular options for children's parties, as well as corporate events. The company also wants to bring some of the outdoor momentum inside with indoor dunk tanks and indoor bounce-houses.

"The possibilities really are limited only by your imagination," says Lovell. Keeping that creative spirit in mind, Lovell's company, Awesome Family Entertainment will be hosting a FREE Winter Party and Event Showcase where people will have the opportunity to experience some of the amazing indoor activities and games. In addition, guests will have the opportunity to sample carnival-style snacks, meet characters from Star Wars and more.

And just when you thought it could not get any better, Awesome Family Entertainment will be giving away prize bags to the first 50 people through the door. Prizes include Awesome Family Entertainment gift cards, free rentals and more!

The Winter Party and Event Showcase will be held at the Goodale Park Shelter House located at 120 W. Goodale Street in Columbus on Thursday, November 10 from 6:30pm-9:30pm. Although the event is free, capacity is limited and tickets are required for entry. Tickets are available at [www.eventbrite.com/e/winter-party-event-showcase-tickets-29026203155](http://www.eventbrite.com/e/winter-party-event-showcase-tickets-29026203155).
